As the students go, so goes our nation! If we win the spiritual battles across our nation but neglect our college campuses, all our progress will be undone in a generation. Therefore, students today need our support and earnest prayers. However, college students don't just need more prayer, they need our **UNITED** prayer. Without a greater degree of genuine, unified prayer, our hopes and dreams for this generation may never be realized. According to Matthew 18:18-20, the greater the number united in faith and prayer, the easier the battle for this generation can be won.

Pray for an awakening among students in America. Go to collegiatedayofprayer.org for more information.
